

Anatomy\_DFS\_Section  
\_Visitor::getVertexIndices

getFirstUnequippedFromSection

```
graph LR; A[getFirstUnequippedFromSection] --> B[Anatomy_DFS_Section_Visitor::getVertexIndices]
```

The diagram illustrates a function call. A rectangular box on the right contains the text 'getFirstUnequippedFromSection'. A horizontal arrow points from this box to a shaded rectangular box on the left. The shaded box contains the text 'Anatomy\_DFS\_Section\_Visitor::getVertexIndices'.
