

FastNoise::GradCoord2D

```
graph LR; A[FastNoise::GradCoord2D] --> B[FastNoise::Index2D_12]
```

A diagram showing a relationship between two FastNoise functions. On the left, a gray rectangular box contains the text 'FastNoise::GradCoord2D'. A dark blue arrow points from the right side of this box to the left side of a white rectangular box on the right. The white box contains the text 'FastNoise::Index2D\_12'. Both boxes have a thin black border.

FastNoise::Index2D\_12
